

I think it is very important for the FCC to leave Air 1 on the radio. I am a single mother of my 9 year old daughter and I really love the positive message Air 1 brings to the both of us. I think the world has enough radio stations full of wrong messages being sent to the next generation and I am tired of hearing all these young kids using profanity as part of their daily language. I know that Air 1 provides my community with its positive influence and great music. I know plenty of kids that are tuned in and I honestly believe that the station helps kids get their lives straight as well as staying out of trouble. Well I dont want to take up to much of your time but I do appreciate you letting me voice my opinion on this whole matter. Thank you ~ Marcella
